The funeral services were conducted at the late residence of deceased, by Rev. Duncan, of the Presbyterian Church. The Rev. Duncan's remarks were very effective and were listened to by those present with the closest attention. At 11 o'clock the cortege left the house and proceeded to the steamboat tion. At 11 o'clock the cortege left the house and proceeded to the steamboat landing, where the remains were conveyed on board of the steamer Phaeton. The following gentlemen acted as pall-bearers: Col. He put his buggy in a sheft near the stable, and during the evening some malicious person took a rail or some other sharp instrument and scratched all of the varnish off the body of the buggy. If the guilty parties can be found out they will be dealt with to the fullest extent of the law. the law. THE Wheeling Butchers' Association has had considerable trouble with a lot of hides, valued at \$3,000, which were sold to a Pittsburgh firm. The hides were twice loaded on freight cars at Bridgeport, and twice taken out and packed in a wareroom to remain until the railway difficulties are adjusted, and now they will be sent to their destination by water.

OFFICER FLEMING wanted Patsy Aegan yesterday morning. Meeting him on 11th street he made a grab for him and missed him. Aegan ran down 11th street toward the river, the officer in close pursuit. Fleming chased his man out into the water up to his neck, and yanked him ashore and to the lockup.

Ir is said that some of the freight con ductors and brakemen can board a train when it is running at the rate of forty miles an hour. They can do it easier, in fact, than they can board themselves at present wages.

FOUR COUNTS AGAINST JACOB CILLES Justice Caldwell has issued four warrants against Jacob Cilles for selling liquor without license. Jacob lives on the West Virginia side of the river opposite the Sisters. He will be examined to-morrow. OMB hundred U. S. troops under Col.

Black were expected to arrive at Grafton last night from Martinsburg. The troops were sent there in pursuance of a reques of the Mayor of Grafton. On account of there being no train from Columbus yesterday, the Buckeye clui could not get here on time. Accordingly there will be no game to-day.

Bannes are too highly prized to permit them to suffer with Colle, Flatulence, etc., when Dr. Bull's Baby Syrup will at once relieve them. Price 25 cents a bottle. THE Council Committee on Health met at the city building last night.

WAR Notes.—The city experienced another quiet day yesterday—entirely too quiet for the business men, as a Sabbath-like stillness reigns upon thorough-fares accustomed to the din and clatter of active trade. The suspension of freight traffic on the railroads leaves our merchants and manufacturers with very little to do in the way of receiving and shipping freights. The atrikers still hold a tight grip of all the railroads, and refuse to let a single car of freight move either into or out of the city. There have been no violent demonstrations whatever, and as the work of organization among the citizens proceeds, the chances for any disorder and rioting become less and less. As to when the deadlook is to end, nothing definite can be stated. The strikers seem to think that their success depends in holding on until they force the railway managers to a compromise, while the latter refuse to have any conference whatever on the subject of wages until their property is restored to them. MUNICAL SOURCE.—A musical entertainment will be given on Monday evening next, at the Disciples' Church, by Misse Alice Rogers and her pupils. She will be assisted by Missee Eva Rice and Theresa Philips, with Messrs, John Mendel and Oscar Seeley. Miss Rogers is favorably known in the city and vicinity as a teacher of music, and we have no doubt that she will be complimented by the attendance of a large number of her friends, both in and out of the church.

COMMISSIONED.—Commissions were yes-terday issued to the officers of the new Greenbrier Cavalry Company, as follows: Captain, J. Alex. Montgomery; First Lieutenant, S. L. Price; Second Lieuten-ant, Frank Brown.

THE Board of Directors of the Wheel ing Irou and Nail company has been in creased from five to seven. Wm. A. Iset and Alex, Cecil were elected additiona

in noting on until they force the rail way managers to a compromise, while the latter refuse to have any conference whatever on the subject of wages until their property is restored to them:

The situation remains practically unchanged on the B. & O. road. Provisions are becoming alarmingly scarce along the line of the road between this city and Baltimore. At Grafton, we understand, only two barrels of flour are left. The atrikers themselves feel this scarcity of provisions, as well as others living in the interior, and after a consultation upon the subject agreed that they would permit the merchants to ship provisions where needed. The Baltimore & Ohio officials were accordingly notified of this decision, and promptly replied that they would not send a car out until they were allowed to move all their trains without molestation. Thus the matter stands.

So far as the people of Wheeling are concerned, there need be no alarm on this score, at least for some time to come. The flour mills in this cityand vicinity lave a capacity far in excess of any demand that may be made upon them, and the most of the wheat received here comes by water. With a fair stage of water in the Ohio, and a rich farming country around us, we may consider ourselves well provided for during the present exciting times.

The Mathews Light Guards were relieved from duty at Martinsburg and Sir John's Run, and returned home last evening, arriving at 6 o'clock. The boys all look well, and it is evident that their short campaign has done them a great deal of good. They have put in their time to good purpose, too, in drilling, and march along like old veterans. A cordial reception was given them by their many friends in the (city, and they were highly complimented for the reverse in the ordial reception was given them by their many friends in the (city, and they were YESTERDAY morning the derrick used by the workmen on the steeple of the Fourth Street M.
